Procedures:

1. Complete a stallion service contract. This contract can be downloaded from our website, or you may request a copy to be mailed to you. Stallion brochures and DVD's are also available upon request; contact the Animal Records Manager.
2. Mail a signed contract, a copy of your mare's papers and the \$250 booking fee to the ranch. Once approved, signed copies will be returned to you.
3. Submit the remainder of the stallion service fee (your stallion's fee minus \$250), the shipping fee and the Equitainer deposit before requesting semen. The Equitainer deposit must be submitted on a separate check. Your deposit will be held until the Equitainer is returned.
4. Breeding days are Monday, Wednesday and Friday. Request semen the day before needed, if possible. Confirm the need for semen by 10 a.m. the day of shipment. Requests can be called into the Animal Records Manager or the Ranch Manager. All fees must be paid before shipping.
5. Verify that the ranch has a correct shipping address for you. All shipments will be sent FedEx. If a tracking number is needed, please request that at time of semen request.
6. Return the Equitainer with the enclosed FedEx slip. (Equitainer return costs are included in your shipping fee, so a return FedEx slip will be included with your semen shipment). Your Equitainer deposit will then be returned to you. Send the pink copy of the AQHA Insemination Certificate to us.
7. Notify the Animal Records Manager when your mare's pregnancy is confirmed. You will NOT be placed on the stallion's breeding report if you do not confirm the pregnancy with us.
8. Notify the Animal Records Manager next year when your foal is born. At this time, the breeders' certificate will be sent to you to register your foal. The form will NOT be sent until you confirm a live foal.
